

## Percentage of States That Have Required Training Certification

### Average number of Hours of Training

#### Findings:

Fifty-one percent of states have legislation requiring training for public safety communicators. (51 states and Washington DC were included in the survey)

The average number of hours of training required of the states that require certification is 66.\*

If you include the States that have not requirement this number drops to 32.\*

\*Two states that require certification but provide no number of hours are not included in these averages.

#### Supporting Data:

State	Legislatively Required Training	Number of Hours
Alabama		
Alaska		
Arizona		
Arkansas		
California	Yes	120
Colorado
